

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Thomas Kozlowski  
DOCKET NO.: 06-20372.001-R-1  
PARCEL NO.: 23-35-314-004-0000

The parties of record before the Property Tax Appeal Board are Thomas Kozlowski, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 10-year old, two-story style dwelling of frame and masonry construction containing 3,156 square feet of living area with a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process as the basis of the appeal. The appellant submitted four suggested comparable properties described as two-story frame and masonry dwellings that are between 15 and 18 years old for consideration. On the appellant's map, the comparables are located over two miles from the subject property. The comparables contain from 3,012 to 3,799 square feet of living area and have improvement assessments ranging from \$7.61 to \$8.82 per square foot. The subject's improvement assessment is \$11.65 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment was disclosed. The board of review presented four comparable properties consisting of two-story frame and masonry dwellings that are between six and eight years old. One of the comparables is located in the same tax block as the subject, and the other three are not located near the subject. The dwellings contain from 3,006 to 3,179 square feet of living area and have improvement assessments ranging from \$11.71 to \$12.26 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

|        |    |        |
|--------|----|--------|
| LAND:  | \$ | 8,748  |
| IMPR.: | \$ | 36,756 |
| TOTAL: | \$ | 45,504 |

Subject only to the State multiplier as applicable.

PTAB/BRW/Apr.08/06-20372

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds that the only similar comparable in this record has an improvement assessment of \$12.05 per square foot of living area. The subject's improvement assessment of \$11.65 per square foot of living area falls below this. One of the board of review's comparables was the most similar to the subject in age, location, and physical characteristics. This comparable received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
